Innovate RPA better, Together
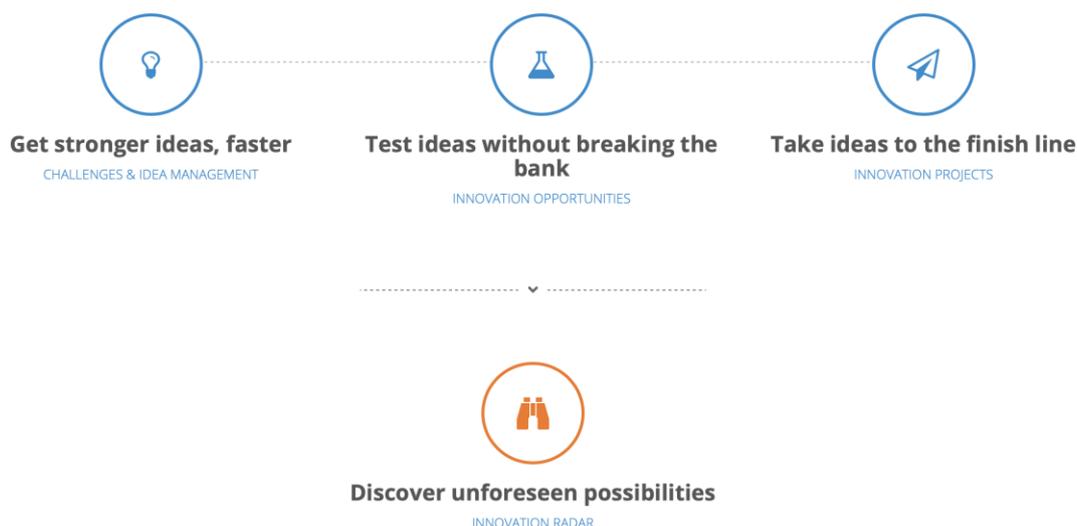

Innovation Hub from Coterie Solutions is the collaborative innovation management software that helps companies engage people to co-create ideas and bring them to life

Blue Prism's Technology Alliance Program (TAP) partnership with Coterie Solutions adds Innovation Hub capabilities to Blue Prism Robotic Process Automation (RPA) to speed the time from Ideas to RPA deployments helping your RPA CoE achieve tangible payback consistently and with full visibility**.** This integration with the Coterie Innovation Hub adds the critical skill of crowd sourcing and innovation management to Blue Prism Intelligent Automation, giving enterprises the ability to ideate, justify and assess getting more Blue Prism Digital Workers active to transform your automation practice.

Open innovation to any stakeholder
Open-up innovation. Engage everyone. Maintain control. Combine insights, skills and competencies from inside and outside your organization. Combining standard best practices such as the Robotic Operation Model with our automated ideation and innovation workflow, allows you to quickly organize, engage and assess the best RPA opportunities.

The combination of the Coterie Innovation Hub and Blue Prism's Digital Workforce lets enterprises take a much deeper dive into hyper intelligent automation. If you are set to drive growth through innovation, we will support you all the way through. We deliver the technology, set up your innovation process together and help activating your innovation network.
