

# S&P Global Market Intelligence brings an upgrade to MS Excel - Extended VBO to help customers with ability to utilize additional excel functionalities

Blue Prism's Technology Alliance Program (TAP) partnership with S&P Global Market Intelligence adds MS Excel – Booster VBO solution to Blue Prism Robotic Process Automation (RPA) to improve automation efforts and efficiency by extending existing MS Excel s- VBO. This integration with SPGMI MS Excel – Booster VBO enhances excel automation capabilities within Blue Prism, giving enterprises the ability to optimally execute excel based automations within a Blue Prism Digital Worker's defined workflow.

## MS Excel – Booster VBO enhances the current MS Excel VBO capability

MS Excel VBO ensures continuous improvement, yet organizations often struggle to leverage greatest automation benefits due to new excel automation requirements. The combination of Blue Prism RPA and SPGMI MS Excel – Booster VBO solution means that enterprises can now utilize additional excel functions that limits us on certain areas while performing excel based automations.

The combination of SPGMI MS Excel – Booster VBO and Blue Prism's Digital Workforce lets enterprises take a **much deeper dive into excel automation capability**. The VBO triggers the excel functions, allows the user to make a choice as per the functionalities, performs the desired excel activity in accordance with enterprise goals and requirements.

## How it works

SPGMI portfolio of capabilities is designed to help investment professionals, government agencies, corporations and universities track performance, generate alpha, identify investment ideas, understand competitive and industry dynamics, perform evaluations and assess credit risk.

As the pioneer of the most robust, secure, and highly scalable Digital Workforce, Blue Prism's focus is on delivering an agile workforce that follows rules-based business processes and interacts with systems in the same way human users do – and that complements both traditional and leading edge IT solutions such as business process management (BPM), OCR, AI, machine learning, and front- and back-office productivity tools.

S&P Global Market Intelligence enhances the MS Excel VBO functionalities to deliver a comprehensive solution catering to functions such as find all references with formula, apply formula in a range etc. Access to the SPGMI MS Excel – Booster VBO helps organizations improving automation efforts, broadens the area of excel automation capability contributing to an improved customer journey including:

- **Reduced Automation Effort:** Ready to Use actions that helps achieving excel functionalities.

- **Increased Scope of the Excel Automation:** An extensive list of actions that helps broadening the scope of excel automation.

## Blue Prism & SPGMI MS Excel – Booster: Enhance the Excel Automation Capability

SPGMI MS Excel – Booster VBO helps organizations with the ability to extend the current excel capability in terms of the below provided functions

#	Excel Capability
1	Find All References With Formula
2	Get Unique Values From Column
3	Apply Custom Filter
4	Delete Visible Range
5	Add Comments To Cell
