

Workshops

Interact Foundations

The hands-on training jump starts your Blue Prism Interact deployment to reduce the time to value for your automation team.

What is a Success Workshop?

Our workshops are role-based, hands-on training sessions that cover the most popular skills Blue Prism users need. They are delivered as described herein or customized to meet specific requirements of your team. Facilitated by a certified Blue Prism expert, your team is trained and guided in a private course dedicated to their success.

Why choose Interact Foundations?

This workshop is designed to build upon the solid infrastructure you've built and enhance your program by adding Blue Prism Interact to the IA tech stack which enables you to close the automation gap with manageable, no-code forms. We'll explore how to leverage the flexibility provided to manage end-to-end human-in-the-loop automations.

What to expect:

- Create a Bus Process
- Build and Publish forms
- User Roles
- Understanding the VBO
- Configure the Blue Prism Process
- Analyzing Use Cases
- Solution Design
- This is a full-day workshop
- Can be delivered virtual or onsite at your offices

VALUE AND OUTCOMES:

- Instructor-led, hands-on guided training sessions
- Open and fluid exchange of ideas and lessons learned.
- Social interaction with other teammates during training
- Improved uptake of skills during the training session
- Faster response to student questions and direct instructor feedback on skill application
