

Best Practice

Start your intelligent automation journey with best-practice guidance from Blue Prism experts.

When it is time to establish the foundation for the infrastructure, governance protocols, and delivery methodology of your organization's new intelligent automation journey—the key components that can lead to fast value and quick success—you don't have to figure it out on your own.

To help you identify and take the first critical steps of your automation journey with best practice guidance, Blue Prism offers **Best Practice**, a Starter Success Package designed to provide expert mentorship throughout the first nine months of using your Blue Prism digital workforce.

When you choose Best Practice, here's what you can expect:

- 5 days initiation spent reviewing best practice guidance for infrastructure, governance, and delivery methodology
- 3 days of review during the 3rd month, with a focus on build quality, ongoing pipeline, and success to date
- 2 additional days of review during the 9th month, with a focus on reporting, evangelism, and maturity

VALUE AND POTENTIAL OUTCOMES:

- Immediate progress for your intelligent automation program—skip the learning curve.
- Reduce the risk of stalled efforts with best-practice based first-step guidance.
- Access to Blue Prism Success Services expertise, guidance, and mentorship throughout the first 9 months of your automation effort

Contact your Blue Prism account manager to start your automation journey with best practice-based guidance and mentorship.

Blue Prism is the global leader in intelligent automation for the enterprise, transforming the way work is done.
