

Cloud Migration and Architecture Planning

The actionable advice and assurance of a seamless and high-quality infrastructure and migration strategy.

The Cloud Migration and Architecture Planning success service provides you with expert knowledge to inform your strategy to allow your team to execute the transition quickly.

What is Cloud Migration and Architecture Planning?

The Cloud Migration and Architecture Planning success service delivers a tailored, strategic plan with actionable advice to assure a high-quality project by ensuring best practices are in the migration strategy and the architecture has everything needed for the current and future Digital Workforce.

Why Cloud Migration and Architecture Planning?

With the Cloud Migration and Architecture Planning success service, we ensure a successful Blue Prism migration to the Cloud. Supported by a high-level cloud design based on the goals you've established; this is the fastest most risk-free way to ensure a smooth transition.

What to expect:

- Evaluation of the existing Blue Prism environment and readiness for migration
- Evaluation and identification of the appropriate migration methodologies and migration strategy
- Support in developing a tailored High-level Cloud Infrastructure design
- Support during the user testing & Go-Live phases

VALUE AND OUTCOMES:

- Validation of your strategic migration plan to reduce risk and time to value.
- Expertise that increases the quality of the Cloud environment and automations as migration takes place.
- Reduced chance of downtime.
- Upskilled team members on underlying differences between the enterprise and cloud environments.
- Tactical approaches to migration steps based on best practices developed with cloud partners.

Contact your Blue Prism account manager to get expert insight into your cloud migration strategy today!

Blue Prism is the global leader in intelligent automation for the enterprise, transforming the way work is done. At Blue Prism, we have users in over 170 countries in more than 2,000 businesses, including Fortune 500 and public sector organizations, that are creating value with new ways of working, unlocking efficiencies, and returning millions of hours of work back into their businesses.
