

Decipher Accelerator

The fastest way to learn Decipher IDP and incorporate intelligent document processing into your existing processes.

With Decipher Accelerator you'll create a solid foundation for intelligent document processing that's built for long-term success, and able to generate value very quickly.

What is Decipher Accelerator?

Our Decipher Accelerator support package is a combination of expert advice and quality assurance to help you optimize the installation, configuration, and initial use of Decipher IDP.

Why Choose Decipher Accelerator?

With Decipher Accelerator, a Blue Prism Senior Consultant will thoroughly review your current architecture design, assist with install and configuration, and support the first build of a prototype or pilot project—ensuring each step adheres to the key principles of re-use, scale, resilience, and efficiency.

What to expect:

1. Enablement - Our expert will mentor two staff members and share skills related to the roles of Technical Architect and Solution Designer.
2. Design & Install - Our consultant will review your documentation related to your functional and non-functional requirements, current infrastructure, architecture, and design.
3. Project Mentoring - Our senior consultant will provide advice, guidance, and mentorship on objectives, configuration, integrations, recommendations, and more.

VALUE AND OUTCOMES:

- Learn to effectively use the Decipher IDP engine
- Uncover new avenues for pipeline growth
- Complete more transactions using the digital workforce
- Engage with Blue Prism experts on a 1:1 basis
- Increase employee interaction with the digital workforce
- Extend existing processes upstream
