Process Discovery Workshop

The fastest way to grasp and scope your processes, prioritize the roadmap, and hit the ground running to deliver value fast.

The Process Discovery Workshop is an engaging 3-day session to help you find and evaluate those processes within your business for the value they'll return if automated. Additionally, you'll create a roadmap for implementation so you can generate value very quickly.

What is Process Discovery Workshop?
Our Process Discovery Workshop is a combination of education, expert advice on process selection and analysis, plus roadmap prioritization leveraging ROI analysis and business case reviews.

Why Choose Process Discovery Workshop?
With the Process Discovery Workshop, a Blue Prism Senior Consultant will guide you to leverage the Process Assessment Tool as you traverse through 11 milestones throughout four major stages including education, selection, analysis, and prioritization.

What to expect:

- In-depth criteria analysis for process discovery

- Deep-dive sessions with the business process owners to review current and design future state automations.

- Perform and understand how to analyze ROI and value.

- Pipeline definition and prioritization

- Process Assessment Tool introduction and mentoring

VALUE AND OUTCOMES:

- Understand how to select process for Intelligent Automation.

- Establish a process to identify high ROI processes.

- Automation Pipeline established and prioritized for immediate development.

- Clear understanding of what a good process looks like and how to optimize pre-automation.

- Introduction to the Blue Prism Process Assessment Tool.

- Realization of the impact digital workers can have to transform your business by doing new things you couldn't have done before automation.

Contact your Blue Prism account manager to accelerate your discovery with our Process Discovery Workshop today!
